Shipment will usually be made by US Priority mail which should take only two days. If you have special needs just let me know. Please include 10% extra for packing and shipping charges. My goal is to sell you blemish-free well grown colorful young plants and I mean for you to be happy with them. If you are not satisfied, please let me know. The plants are guaranteed to arrive in good shape and if you lose any in the first few months I will replace them at no charge. Please inquire if you want a *Billbergia* not on the list. I've probably got it and would be happy to talk to you about it. I will put out a revised listing every couple of months and will send you one automatically.
